

PIGMENT PRINTING BLANKET PLOTTER

*The machines may be different from the ones shown here.

Thanks to its experience, Top Digitex has developed a blanket system suitable for modifying existing plotters and for the complete development of plotters. The blanket can be applied to different types of plotters, or Top Digitex is capable of developing custom machines for the textile industry to meet specific needs.

Recently, the latest Top Digitex plotters have been tested and developed according to digital pigment printing specifications.
